

Natural Stone Drill Bit (Granite&Marble)

Our best hammer drill for extreme requirements in concrete and natural stone.

POWERFUL | DURABLE | CONVENIENT

- ◆ The multi-talent for concrete and all natural stone types with superior performance
- ◆ Longest service life and excellent positioning behaviour
- ◆ 3-edged "Tri" shank prevents slipping in the drill chuck
- ◆ A wide range of applications and perfect centring thanks to ground carbide plate and high-strength tip soldering
- ◆ Specially designed for challenging drilling, e.g., in concrete, granite, marble and vertically perforated bricks
- ◆ Extremely high speed thanks to optimal tip geometry and large-volume helix design
- ◆ DGC sharpening technology ensures extreme performance characteristics and break resilience
- ◆ Can be used for hammer drilling and rotary drilling
